HOW TO THINK STRATEGICALLY AND MAKE AN IMPACT

Strategic thinking is a rare and valuable competency that is needed at all levels of the organization. It is the number one development requirement for the next generation of leaders. Those who have it will see more opportunities for contribution and for advancement. This program will help you develop a foundational understanding of strategy, enabling you to make a broader impact in your organization.

In this program you will learn:

1. Five key forces that influence strategy
2. Four actions that build a competitive advantage
3. Frameworks for monitoring external trends and competitive activities

The application of these strategic concepts will be brought to life through engaging case studies of companies like Stihl, Trader Joe's, Viking Cruises, and The Tractor Supply Company. Don't miss this chance to learn from top strategy expert Professor Michael Roberto!
